## Mary Wilson

*Dietary Aide*

Nothing gets in the way for Mary Wilson when it comes to doing her very best for those she serves at the Galena-Stauss Senior Care Community.

As the Dietary Aide, Mary prepares food for the residents and maintains an impeccably clean dining room. As the only female sibling amongst five brothers, Mary was quite accustomed to cooking and she enjoyed making food nutritious, fun and attractive. When asked why she likes her work at the Galena-Stauss Senior Care Community, Mary answered, "My coworkers! There is never a dull moment! Like the time we put the fake arm in the freezer on April Fool's Day. It was so funny."

Mary's colleagues describe her as honest, friendly and dependable. They say that she goes above and beyond to help others even when she is busy.

When Mary is not singing in the kitchen with the girls, she enjoys reading, playing shuffle board and spending time with her boyfriend and family. She especially loves traveling outside of the United States.

Always with a smile on her face, Mary more than deserves the award for outstanding employee. Keep up the great work Mary!
